What Our Students Say !!!

Kowselya Devan
Salem - TN

"The Teaching is rigorous, pushing us to understand concepts deeply. Faculties are from India, they all dedicated, often going the extra mile to clarify doubts."

Devika Dileep
Trivanduram - KL

"Timor-Leste feels surprisingly safe; locals are welcoming and helpful. Campus security is also very good."

Omkar Bodkhe
Pune - MH

"Hostel life is comfortable, with a preference for Indian food both veg and non veg availability can be a significant comfort ."

Buddula Gayathri
Eluru - AP

"The tropical climate is same as India, As a medical student, it's essential to consider the climate and its potential impact on our studies and overall well-being."

"Proud to be an UNPAZIAN"

RELATIONS BETWEEN TIMOR AND INDIA

India and Timor Leste share warm and friendly relations based on shared commitment to the values of democracy and pluralism. India was one of the early countries to establish relations with Timor Leste. The visits of the President of Timor Leste to India and Indian President to Timor Leste in the year 2024 symbolizes further strengthening of bilateral relations between two countries.

Both Timor Leste and India opened their respective embassies in Dili and New Delhi which indicates stronger diplomatic growth.

Additionally since 2024 as Indian students have started pursuing their medical education at Timor Leste and simultaneous entry of Indian business community, it is expected the cooperation and relation would enhance further.

UNPAZ Highlights

#01

Indian Curriculum

The Only University Outside India.

Peace University Offers an MBBS curriculum and pattern 100% similar to India, providing familiarity and easy for Indian students

College of Medicine | MBBS | Timor Leste

UNPAZ

UNPAZ the most preferable destination for MBBS.

Welcome to UNPAZ to begin your journey of achievement to be the world class medical professional. Our MBBS curriculum is of international standard and is uniquely designed to mirror Indian MBBS curriculum taught by experienced faculty from India, Australia and Timor ensure seamless transition for Indian students. UNPAZ offers high quality education at affordable tuition fee and licensed to practice without any Licensure examination.

FACILITIES TO BUILD A BETTER TOMORROW

State-of-the- Art Facilities

The Immersive Learning Space (ILS) is equipped with a range of resources and latest technologies that support and enhance your learning experience. Engage with anatomical structures, simulated patients, and clinical scenarios in a safe and intuitive manner.

Internship

Students are required to complete a 12 month rotational internship at UNPAZ's affiliated Guido Valadares National Hospital in Dili, East Timor. During this period they will undergo rotations across various departments, including ward postings, exposure to HDU and ICU settings, and work in rural health centers. This comprehensive training aims to provide practical, hands-on learning experiences.

Practical Skill Development

The clinical training includes rotations in departments such as emergency, critical care units, wards, and operation theaters. This hands-on experience allows students to work directly with patients and gain exposure to diagnostic services, interpreting results alongside clinical findings.
